

FORUM

INSPIRED BY SOUND

Created out of the increasing need for noise reduction in modern open plan work spaces.

Forum is a versatile wall covering which is commonly used in modern school, and office environments. Forum wall lining serves to dull red noise and provide increased focus and productivity and a decorative background for your environment. Its acoustic properties ensure that distracting noise is kept as little as possible.

FABRIC CARE

If spills occur on fabric, ensure they are wiped away as soon as possible to prevent stains, refrain from using large amounts of water and from rubbing vigorously if possible as this could affect the overall finish of the surface.

ENVIRONMENTAL CERTIFICATIONS

ClassWall is committed to keeping the environment healthy and sustainable; this is proven through the certificates gained:

- ISO 14001 certification.
- Oeko – Tex standard 100

Classwall Forum also complies with the quality processes and best practices certificate

- ISO 9001

ClassWall Forum is made of 65% recycled material and can be reprocessed again after use. This is as per the responsible use agreement between customer and supplier ISO8001 2015

ACOUSTIC ABSORPTION

ClassWall Forum is ideal for minimizing and deadening distracting noise in a range of different environments.
